COMPANY PROFILE

YuSheng Enterprise Limited established in 2001, committed to rubber industry raw materials production and sales for more than 20 years.

After years of development, Yusheng has become a professional supplier of raw materials of rubber products, selling and serving tire and rubber products manufacturers in Europe, South America, Southeast Asia, India, Pakistan, the Middle East and other regions.

Yusheng is having more than 160+ stable and long-term manufacturing bases, which can provide one-stop raw material services for manufacturers in rubber industry. We sincerely invite rubber professionals from all over the world to join our global supply chain service system and become our partner to achieve win-win development.

Square Woven Fabric

Production Process

Nylon monofilament or multifilament as warp and weft

Twisting

Weaving

Dipping

Checking

Packing

Square Woven Fabric

Characteristics

- Anti Fatigue
- Anti impact
- High adhesion
- Excellent elasticity etc.

Applications

- Rubber hose reinforcement

Square Woven Fabric

Specification:

- NE16/1 * NE10/1 polyester /cotton yarn 65/35
- NE30/1 * NE30/1 polyester /cotton yarn 65/35
